- Eliminates Eye, Skin & Hair Irritation
- Saves Maintenance, Time and Money
- Eliminates Chemical Odors
- Prolongs Equipment Life

The PZ1 portable spa ozone generator features our *patented* Corona Hybrid arc tube, a Universal Solid State Ballast, and our patented Dynamic Venturi Injector Bypass System. The OEM Package includes installation kit and Prozone *patented* venturi injector.

### Features

- Prozone Patented Corona Hybrid Arc Tube harnesses the high ozone concentrations of Corona Discharge generators while maintaining the simplicity and reliability of VUV technology.
- Prozone Patented Dynamic Venturi Injector Bypass System allows maximum ozone/water mixing for superior water quality. The bypass also means a quick retrofit installation or replacement for all existing ozone generators.
- Rugged, functional housing: heavy extruded aluminum case for durability; translucent gasketing glows when system is on
- Low cost, low maintenance operation
- Warranty – 2 years
- Compatible with all major spa brands
- Easily retrofittable to existing spas
